In 1982 Brian McDonald started Mac's Roving Roast, which was renamed The Spit Roast Catering Company in 1983.

It has always been run as a family business and we are proud of the fabulous food we produce!

We took over from Brian in 2002 and continued to develop our catering services adding corporate sandwiches and platters!

Customer service and exceeding customer expectations are as important to us as delivering quality, fresh catering solutions.

This menu reflects what we do best and provides great value to our customers .....
